Independent Auditor's Report on Review of Interim Financial Information

To the Shareholders of Prudential Life Assurance (Thailand) Public Company Limited

I have reviewed the accompanying statement of financial position of Prudential Life Assurance (Thailand) Public Company Limited as at 30 September 2023, the related statements of comprehensive income for the three-month and nine-month periods then ended, the related statements of changes in owners' equity and cash flows for the nine-month period then ended, as well as the condensed notes to the interim financial statements (collectively called "interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 Interim Financial Reporting. My responsibility is to express a conclusion on this interim financial information based on my review.

Scope of review

I conducted my review in accordance with Thai Standard on Review Engagements 2410 Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 Interim Financial Reporting.

Emphasis of Matter

I draw attention to Note 1.4 to the interim financial statements, which describes the effect of changes in accounting policies relating to the deferred acquisition costs for insurance and investment contracts and the valuation of long-term insurance policy reserves for Zillmer/FPT adjustment under the Net Level Premium Valuation method on the comparative interim financial information. In the fourth quarter of 2022, the Company's has changed such accounting policies in its preparation and presentation of its financial statements for the year 2022. Hence, the comparative interim financial information for the three-month and nine-month periods ended 30 September 2022, which were reviewed by other auditor as mentioned in the "Other Matter" paragraph, have not yet reflected the effect of such changes in accounting policies. The Company therefore restated the statements of comprehensive income for the three-month and nine-month periods ended 30 September 2022, the statements of changes in owner's equity and cash flows for the nine-month period ended 30 September 2022, presented as comparative information, to reflect the effect of adjustments from such changes in accounting policies. My conclusion is not modified in respect of this matter.

Other Matter

The statement of financial position as at 31 December 2022 of Prudential Life Assurance (Thailand) Public Company Limited, presented as comparative information, was audited by other auditor, who expressed an unqualified opinion in her report dated 16 March 2023.

The statements of comprehensive income for the three-month and nine-month period ended 30 September 2022, the statements of changes in owners' equity and cash flows for the nine-month period ended 30 September 2022, of Prudential Life Assurance (Thailand) Public Company Limited (before restatement), presented as comparative information, were also reviewed by the aforementioned auditor who concluded, in her report dated 10 November 2022, that nothing had come to her attention that caused her to believe that the interim financial information was not prepared, in all material respects, in accordance with Thai Accounting Standard 34 Interim Financial Reporting.

Prudential Life Assurance (Thailand) Public Company Limited Notes to interim financial statements

For the three-month and nine-month periods ended 30 September 2023 and 2022

1. General information

1.1 Corporate information

Prudential Life Assurance (Thailand) Public Company Limited (the "Company") was established as a public company under Thai laws and domiciled in Thailand. The parent company and ultimate parent company are Staple Company Limited, which was incorporated in Thailand, and Prudential plc, which was incorporated in England and Wales. As at 30 September 2023 and 31 December 2022, such parent company held 51.21% of the issued and paid-up ordinary shares of the Company. The Company is principally engaged in the provision of life insurance services and there is 1 branch. Its registered address is at No. 944, 10th and 29th - 31st Floors of Mitrtown Office Tower, Rama 4 Road, Wangmai Sub-district, Pathumwan District, Bangkok.

1.2 Basis of preparation of interim financial information

This interim financial information is prepared in accordance with Thai Accounting Standard 34 Interim Financial Reporting, with the Company choosing to present condensed interim financial information. However, the Company presented each line item in the statements of financial position, comprehensive income, changes in owners' equity and cash flows in the same format as that used in preparation of its annual financial statements, and in accordance with the format of financial statements specified in the Notification of the Office of Insurance Commission ("OIC") regarding criteria, procedures, terms and conditions for preparation and submission of financial statements of life insurance companies B.E. 2566 dated 8 February 2023.

This interim financial information is intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. This interim financial information should therefore be read in conjunction with the latest annual financial statements.

The interim financial information in Thai language is the official interim statutory financial information of the Company. The interim financial information in English language has been translated from such interim financial information in Thai language.

1.3 Significant accounting policies

This interim financial information is prepared using the same significant accounting policies and methods of computation as those were used for preparation of the financial statements for the year ended 31 December 2022.

The revised financial reporting standards, which are effective for fiscal years beginning on or after 1 January 2023, do not have any significant impact on the Company's financial statements.

1.4 Changes in accounting policies

Since 1 January 2022, the Company has changed accounting policy relating to the deferred acquisition costs for insurance and investment contracts where the costs of acquiring new insurance contracts, including commissions and distribution costs, underwriting and other policy issue expenses, which vary with and are related to the production of new business, are deferred as assets and are subsequently amortised on a straight line basis considering the profit emergence period of the underlying group of contracts. In the past, acquisition costs were either recognised as expense when incurred or implicitly deferred within long-term insurance policy reserves. The Company has also changed the accounting policy relating to the valuation of long-term insurance policy reserves for Zillmer/FPT adjustment under the Net Level Premium Valuation method. The Company's management considered that such changes provide information that is more relevant and no less reliable to the decision-making needs of financial statement users.

The effects of the changes in accounting policies to the beginning balances as at 1 January 2022 of line items in the statement of changes in owners' equity were summarised as follows:

		1 January 2022	
	As previously		
	reported	Adjustments (1)	Restated
Statement of Changes in Owners' equity			
Retained earnings - unappropriated	2,490,513	12,457,383	14,947,896
Statutory reserves	466,939	655,651	1,122,590

⁽¹⁾ Adjustments of the effects from changes in accounting policies

The effects of the changes in accounting policies to line items in the statement of comprehensive income for the three-month and nine-month periods ended 30 September 2022 were summarised as follows:

	For the three-month period ended 30 September 2022					
	As previously					
	reported	Adjustment (1)	Reclassification (2)	Restated		
Statement of comprehensive						
income						
Unearned premium reserves						
decreased from prior period	(18,665)	-	-	(18,665)

Total	32,360,803	29,587,499	32,484,764	30,019,347

6. Loans and interest receivables

As at 30 September 2023 and 31 December 2022, the balances of loans and interest receivables, classified by stage of credit risk, were as follows:

		(Unit: Thousand Baht)
	30 September 2023	31 December 2022
Policy loans	3,889,167	3,581,599
Accrued interest receivable	415,144	382,101
Total	4,304,311	3,963,700
Other loans		
Stage 1 - Loans without a significant increase of credit risk	78	164
Total	78	164
Total loans and interest receivables	4,304,389	3,963,864

Policy loans represent loans granted to the policyholders at an amount not exceeding the cash value of the policy, with an annual interest rate not exceeding the rate used in determination of premium written and plus 2%.

Other loans are personal guarantee loans granted to the Company's staff. As at 30 September 2023 and 31 December 2022, an interest rate charged on such loans is 4.62% per annum.

7. Investment assets of the insured/Investment contract liabilities

7.1 Investment assets of the insured
